MAYOR'S MINUTE

Publication started for bids on the water meter replacement project, bid openings are scheduled on May 8, 2024. The SLIB board approved our formal request to reduce the interest rate on the water meter loan and extend the completion/forgiveness deadline. I attended the week-long grant writing and Federal Funding Summit sponsored by the Governor's office and Senators Barasso and Lummis. Many contacts were made for funding opportunities, and we received offers for grant writing assistance to help Hudson pay for our flood mitigation, sewer infrastructure, and economic development projects which includes the baseball field, Svilar Park, and Main Street traffic projects to name a few. Franks Meats annexation agreement will be finalized. The floor warranty claim is scheduled for assessment this Friday. Svilar Park and Gold Star Memorial Park cleanup in preparation of Hudson Daze continue. The Lander and Riverton Rotary Clubs have offered do a service project to help with the Ballpark revitalization., The local Girl Scouts, will help with painting at Gold Star Memorial Park and the VFW is helping as well. The Wyoming DEQ SPURR (Brownsfield) Project will be offering a presentation at the May 14 town council meeting to offer 100% free assistance to property owners to assess Main Street building conditions and preservation. Town Code Enforcement is working, and I am working to get roll-off containers from Hopper Disposal for a Town Cleanup week during the last full week of May. A proposed modified dog ordinance is drafted, and the town council is reviewing the proposed wording prior to the town holding a public meeting in May. Work has begun on Town Policy and Procedure Manuals and pursuing a new "Master Plan" document for the Town.

Mayor Sherry Oler
